

- ☐ Does your work bring you in contact with girls or women who are **survivors or at risk of female genital mutilation (FGM)**?
- ☐ Would you be interested in **practical guidelines** to support them?
- ☐ Would you like to **build on your capacity** to support the **prevention of FGM**?

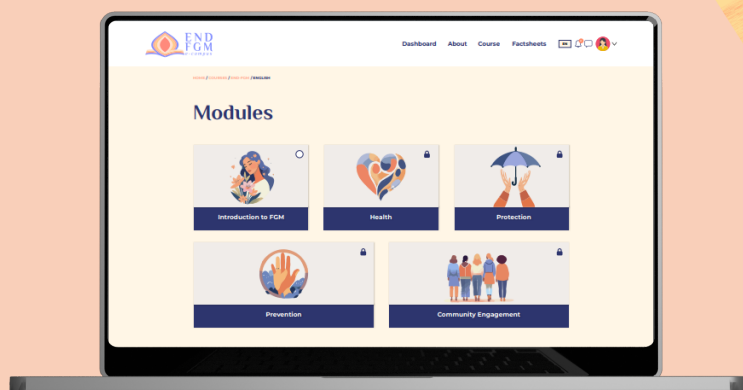

The **End FGM E-Campus** tackles challenges faced by professionals **supporting women and girls** affected by FGM, including: building trust, avoiding retraumatization, and providing culturally sensitive care.

Our platform offers **specialised training** to enhance your skills and approach, ensuring **high-quality support** for those impacted by FGM.

DID YOU KNOW?

In Europe alone, there are over **600,000 survivors** of FGM and **190,000 women and girls** at risk.

DISCOVER E-CAMPUS
